<b>7,5t GVW</b>	<b>14 vehicles</b> 12 equipped with a tail lift

# Vehicle types

## Light vehicles

### Dimensions

**9 EP** 4,55 m x 2,25 m x 2,48 m

**10 EP** 4,85 m x 2,25 m x 2,48 m

**12 EP** 4,85 m x 2,45 m x 2,48 m

# Trucks

## Dimensions

**40t GVW (set)**

13,60 m x 2,48 m x 3,00 m

**40t GVW (tandem)**

(7,70 m + 7,70 m) x 2,48 m x 3,00 m

**18t GVW**

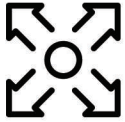

9,00 m x 2,48 m x 2,80 m

**7,5t GVW**

6,20 m x 2,48 m x 2,65 m

# Models of cooperation

---

**To meet your needs, we offer the following cooperation models:**

## Transport requests (spot requests)

---

**This is the ideal cooperation model when your customer:**

- **orders transports in irregular directions**
- **dispatches shipments of varying dimensions**
- **has a variable transport volume**
- **expects a quick “just-in-time” solution**
- **considers delivery time as one of the most important criteria in choosing a carrier**

# Regular shipments

---

**This is the ideal cooperation model when your customer:**

- expects long-term pricing offers
- orders transports to fixed collection/delivery points
- orders transports on fixed units
- has a predictable transport volume

# Dedicated distribution system

---

**This is the ideal cooperation model when your customer:**

- **orders transports based on one loading point and multiple delivery points**
- **expects a flat rate for the transportation of a unit load within a given country**
- **seeks to minimise costs**
- **works with a network of consignees**

# Consolidation of loads

---

**This is the ideal cooperation model when your customer:**

- **seeks to optimise the number of deliveries**
- **orders shipments based on multiple loading points, often located in different countries**
- **expects one logistics operator to handle and supervise the transport**
- **prefers to be supplied by a single means of transport**

## Within each model, we guarantee:

- a dedicated forwarding agent
- an all-in price
- the possibility of collective invoicing
- the possibility of storing goods in our warehouses

**If you need a tailor-made solution,  
please contact us and together we  
can develop a model that is  
perfectly suited to your needs**
